Hey, Dr. Reithel. I've included a link to my website and valid login-credentials for each user class. Navigating the site should be pretty straightforward. If you have any trouble in finding a page or anything please feel free to email me, or consult the user manual that I created.

1. Link to the login page: https://www.guinhq.com/oxfordcc/login.php

2. Login Credentials:

User Class:	User Email:	Password:
Owner	na@gmail.com	password
Foreman	hender1@gmail.com	password
Employee	freedom@merica.com	password
Secretary	lacy@gmail.com	password
Accountant	acg@gmail.com	password

In addition to the two previously listed items, I'd also like to include links to my videos:

https://www.youtube.com/watch?v=njsVaX-PekU

https://www.youtube.com/watch?v=VbA_YCjP_zw

The first link is my overview video, which I submitted via blackboard. The second link is a brief run-through of one my site's report functions, which I did before I read that the video was supposed to be a general overview of the site. Please don't feel like you need to watch the second one, if you don't want to. I just thought I'd post it, since I had created it.
